Mrs. J. A. Hasty, niece of Miss Ida A. Johnson, is here with her children from Atascadero for three months. They have the Needles cottage.

F. C. Rockwell and family of Connecticut are here, to remain until the end of April. Mr. Rockwell is an inventor, and a few years ago he was a member of the Legislature of the Nutmeg State. They are occupying the Hogle cottage.

If you read it in the Pine Cone you may safely repeat it.

Miss Kate Miles, a former resident here, has returned after an absence of two years in the East. She will make her home with her niece, Miss Eva Belle Adams.

Mrs. C. F. Hoffman and her son Ross have returned to their Oakland home, but we expect them here again about the time the fairy-lantern are in bloom.

An automobile you will be proud to own—the Briscoe C. O. Gould, Carmel Garage, local dealer.

Ann Dare was a one-day visitor here last week. Having leased her little theatre in San Francisco, she will reside here again. March 1 will find her in one of the Comings cottages.

Ernest Hemmings, the young Canadian soldier who has been rusticated here for several months, has joined Lawrence Harthorn in San Francisco. They may go to Honolulu.

Mr. and Mrs. Leslie Doulton are again occupying their cottage here. They came up from Santa Barbara last week and will be here for some time.

## Caricature Exhibit

The return of Kate Carew (Mrs. John Reed), whose departure for London is temporarily deferred, is a distinctive gain to the local art world, as, until February 15, there will be on display a large number of her original caricatures. These drawings appeared in the London Tatler and other publications, and include many of the celebrities of the literary, social and dramatic world. Reproductions exhibited include Mark Twain, Bret Harte, George Moore, Leoncavallo, Miss Phyllis Neilson-Terry, Jerome K. Jerome, Galsworthy and others.

## He Stands Without Hitching

Carmel, Cal., Jan. 29  
W. L. Overstreet,  
Weekly Pine Cone,  
Dear Sir:

In today's issue of the Pine Cone my attention was attracted to the free advertisement of the young (?) man seeking a mate. Merrily, 'tis true, with the touch of spring the heart doth run free. Or is it that with the thought of work the whole system freezes up?

I would suggest that you publish a picture of the gentleman in next week's paper, along with his age, history, good points, weaknesses, disposition, house training, wood-cutting ability, etc.

Possibly, if he proved to be an all-round handy man, one of us girls might consider him as a mere husband—sometimes they are rather convenient, you know.

However, I would warn him that the United States government is about to launch a vigorous campaign against profiteering.

Yours in hopes,

LONELY MAID

MAKE your vacant property begin to earn. EITHER live in the house yourself and save your rent—or rent it and make a good profit on your investment. SOMEONE must profit by the high rents of the present and future. WHY not you? I will advise with you.

## Boosts and Knocks

By Observer

A fellow walked into a local store the other day and said "Do you know anything about Mrs. Brown's whereabouts?" "No," said the proprietor, "but probably Herbie Hand took them to the Del Monte Laundry."

Suppose everybody in Carmel will attend the dance at La Playa Hotel tomorrow night to help swell the Carmel Mission Restoration Fund. A capable four-piece orchestra will furnish the jazz.

Leidig Bros. have a box of potatoes on exhibition at the entrance to their store, with a placard announcing that they are 5c a pound. From the looks of them they are about 10c a piece. Better put a guard over em, Bob; they're as valuable as nuggets.

Lewis Josselyn is using lots of powder these days (not the drug store kind). He is blasting holes for fruit trees—at least he is making holes to put 'em in, on the four acres of land near the Forest Theatre, where they plan to build an attractive home. Lewis says he has about as much chance to find fruit trees in the holes as he has to find them at the dealers; they are a scarce article.

Our local baseball team will tangle with the Carpenters soon. I heard a rumor that the latter were going to make their own bats. Looks as if there will have to be an extra supply of balls, as some of those carpenter lads are likely to knock a few into the bay. The battle will take place on the old golf field.

I read in last week's Pine Cone that the Marshal intended to make a round-up of dogs if the license was not promptly paid. What are you going to do with them, Marshal? It costs as much to feed a dog these days as to feed a child. The butcher is a dog fancier, but he does not fancy them to make sausage of. And ammunition is out of too. Guess we'd better round up the elk.

The small number of inquiries regarding the young man seeking his fortune in Carmel, as mentioned exclusively in this column last week, is somewhat surprising. However, the inquiries as to who the four young men are who were to seek their fortunes outside of Carmel literally flooded the office. Probably the fair sex got the items mixed, as no mention was made as to inquiries concerning the four. Looks as if a fellow is more popular when there is no money involved in the transaction.

## ITEMS OF INTEREST.

Miss Ruthanna Anderson, eldest daughter of Mrs. Hartley Anderson, is to leave this week for Pittsburgh, Pa., to resume her collegiate studies.

Nine acres of choice land in the Pebble Beach section, overlooking Carmel Bay, has been acquired by Mayor James Rolph of San Francisco. A magnificent residence is to be erected.

The mushrooms and toadstools are much in evidence hereabouts. Early last Sunday morning the long desired rain began and continued at intervals all day Sunday and Monday. The fall for the season to date is short about eight inches as compared with last year.

Try this on your piano. A. W. Pooley, pianoforte tuner, is here on his regular visit. Leave orders at Pine Cone office. adv

The joint citizens-trustees committee charged with selecting an inspector for the street work about to be begun, has recommended the appointment of W. T. Dummage.

Latest Records, all makes, at Palace Drug Co., Monterey. Pianos for rent. adv

Construction of the new Edmonds-Farrington cottage, on Monte Verde street near Santa Lucia avenue, will shortly commence. Percy Parkes is the contractor.

The Wonders of America

By T. T. MAXEY

OUR MIGHTIEST HOT SPRING.

ALMOST in the center of Wyoming, near a bend in the Big Horn river and 4,350 feet above sea level, nature brought to the surface, for the benefit of all humanity, her most notable work in the hot-spring line. Here, from a rough-edged opening approximately 25 feet in diameter, and which may come through from China for all anybody knows—since it has been sounded to a depth of 1,000 feet and no bottom found, there bubbles forth about 18,000,000 gallons of 135-degree hot water, possessing untold medicinal value, every 24 hours.

This health fount was discovered by a wandering band of Indians. When the white man came he named it "Big Horn Hot Spring," because the water was finally tumbled over a 40-foot cliff in a beautiful waterfall to the river below. A city was built by the river. They called it Thermopolis (Hot City), because of its nearness to the spring.

The government purchased the tract on which the spring is located in 1887. Washakie, chief of the Shoshone, agreed only on condition that a portion of the water be reserved forever free for public use. Later, when the government ceded the land to the state, the same clause was inserted in the patent. Thus this great nature-made anti-toxin for many ills which beset humanity has been preserved for the use of everybody for all time. A natural admixture of sulphur, lime, magnesia, iron and silica, this water possesses exceptional restorative properties in the treatment of blood and skin diseases and rheumatism.

We Thank You

With this issue begins the sixth year in the life of the "Pine Cone." We are proud of the progress that has been made during the past five years. Without the hearty co-operation of our many friends and townspeople we must have had hard going, considering the high prices of all the materials that enter into the publication of a newspaper.

There will be no advance in subscription price at present, though advertising rates have been raised.

### Events to Come

The Carmel Bird Club will meet  
with Mrs. Hartley Anderson, in  
the Merriam cottage, corner Ocean  
and Carmelo avenues, Friday af-  
ternoon, February 13.

The Carmel Community Club  
will meet on Monday, February 9,  
at 2:30, at the home of the Presi-  
dent D. W. Willard. All members  
and anyone interested are invited  
to attend.

Valentine Night, Saturday, Feb-  
ruary 14, will witness a gala event,  
for on that date the annual masque  
ball of the Manzanita Club takes  
place. Get a costume and join the  
merry throng. That night's movie  
show, "Viviette," will be given on  
the preceding Tuesday.

A commendable object—the re-  
storation of Carmel Mission, up-to-  
date music by a four-piece orchestra,  
and a splendid floor, should insure  
a large attendance at the La Playa  
dance tomorrow evening.

## Poster Tells Dramatic Story

This picture, painted especially for the Near East Relief by M. Leone Brucker, vividly portrays what words fail to express—the horrible suffering of the women and children of Armenia and adjacent countries. Peace has blessed Europe and America for more than a year but in Western Asia conditions more frightful than any war time experiences of the martyred populations of Belgium and France still exist. Thousands of women and children escaped massacre by the Turkish soldiers only to face the terrible agonies of death by starvation. At the present time it is estimated that 1,250,000 adults and fully 250,000 orphaned children are completely destitute and in imminent danger of death by starvation and exposure.

The Near East Relief, 1 Madison Avenue, New York, is at present the only organization giving aid to these suffering people and lack of funds still prevents the reaching of more than a small part of the stricken people.
